Staff was friendly and greeted us upon entering the office. The dental hygenist and Dr. Lee was very gentle with my son. My son was a little nervous but Dr. Lee sang a little lullaby to him to calm his nerves while he was being examined. The waiting room was very impressive. There was a huge wagon for the kids to climb in and there was also a game room to occupy the children while we waited for the appointment. We had a great experience there.

Dr Lee is an amazing dentist and made us both feel very comfortable. He also did a wonderful job on the filling! We can't

even tell it's there! The staff was also very caring and helped calm my daughter's and my nerves. Thanks to everyone for a great experience!

Having come from a previous dentist that was not good with kids, this place has been amazing for my very anxious 7 year old. They go above and beyond my expectations to ensure she has an enjoyable visit every time we are there. We love children's dentistry of Wichita falls.

★★★★★ by Anon on 2016-10-25

We had a very negative experience during our visit to Children's Dentistry in Fall 2015. Two of our children were being seen, and I asked if the technician could also look at my third son, who has a special need and was seen the week prior. One of his teeth and the attached gum line appeared swollen and perhaps infected. Our visit the week prior had gone well, and my son had cooperated perfectly with the technician and dentist, requiring only minor accommodations such as the use of a spit cup rather than suction. But, at this second visit, I assume because I implied this tooth may have been missed in the cleaning and my request that it be looked at during the other childrens' appt time, Dr. Lee became visibly irritated and chastised me and my son for his poor oral health and behavior during the previous appt, which was simply not the case. His demeanor was completely different in the 2nd appt than it had been the 1st. When I reminded him that he gave us a great review of my son's temperament and oral health at the last appt, he waved his hand impatiently and said, in front of my child, that didn't mean anything because he just says that to everyone. The tension and irritability of the dentist passed on to the technicians who treated us coldly and carried on through my other two children's exams and cleaning. We will not visit

this dental practice again, and I absolutely do NOT recommend Dr. Lee and Children's Dentistry to other parents, especially those with special needs children.

My child had a schedule surgery to extract 2 of her teeth, dentist changed his mind in the middle of surgery to just put caps on them instead giving a 50/50 chance they will still have to come out. He did everything but one sealant then left the room stating he would bring someone in to finish the last sealant. It took me to tell the nurse to get someone in the room NOW and finish my daughter after he just left her in the chair with mouth clamped open for 10 minutes. Might look at another dentist after this happened.

★★★★★ by Anon on 2015-12-30

Everything was ÀWESOME!!! Especially the staff's patience with my having to bring lil sister along due to not having a babysitter :-/ and also with keeping Xander as comfortable as he could be... He is doing GREAT! Thank y'all so much.

They are skilled in what they do and I wouldn't take my kids anywhere else.

Friendly staff, easy to schedule, great dental hygienists, great dentist...awesome with the kids! I am always amazed at how well you put the kids at ease and make them comfortable. As a foster parent, I bring kids in all the time. At our last visit, my kids were being slapped and hit...just plain bullied by 2 other kids in the lobby. I spoke to the dental hygienist when I went back and told her what was going on. She and the office manager immediately took action to make sure my 3 kids that were still in the lobby (with another adult) were safe...and even watched out for us when we left. It was a very bad situation and they handled it amazingly. I am very grateful to them. I have always highly recommended this Dental Office...and will...without hesitation...continue to recommend you. Thank you for all you do for our kiddos! :)
