Review for Timothy Lee

Dr. Lee and his Dentistry practice came highly recommended as we were in need of surgery to help my little one with pain relief. When Dr. Lee first explained the situation I reached down into my humble soul and asked his professional opinion as to the treatment he would prefer to choose. He recommended surgery due to the extensive amount of work required. (My son must be tougher than I thought.) As any man would do, I opted to follow the doctors recommendation. Post operation - Dr. Lee visited with me about post operation care. At that point I asked a few detail oriented questions, as that's how my mind works, and not only did he answer them to a full degree but went above and beyond by opening up about some other things. Folks, this part of the conversation made me feel fully integrated in the process. This man is more than a dentist, he's a father - and a good one at that in my humble opinion. Dr. Lee, thank you again sir. The boy is doing great.

Review for Timothy Lee

Dr Lee and his staff were very professional yesterday I had 3 children seen and he was very easy going with my little ones definitely recommend 10/10 especially if you are looking for a dentist that is Childeren friendly in Wichita Falls. We had a bad experience somewhere else and I'm glad my kids are now seeing Dr Lee

The ladies seemed very annoyed and came across as rude. They apparently don't like how dr Lee does things. All they did was complain about him. Totally unprofessional. I literally felt me and my kids were a bother. Not how parents want to feel taking them to a dentist. Dr Lee is fantastic! His staff at the moment is definitely questionable

We always have the best experience at the children's dentistry! This specific visit was my two year olds fist dental appointment ever , she was very nervous, want familiar with the environment, so she was very upset but the lady that was brushing her teeth was so calm, gentle , reassuring, explained everything she was doing, made my two year old feel 100% comfortable as she stopped crying and ended up laughing and cooperating! Dr lee. Always does the best when looking at my children's teeth tells me every little thing even if it's not concerning and I love that!

Everything was great except the sign in. When I arrived no one was at the desk but I signed in on the iPad. No one called us for half an hour so I asked if I had missed the call back. Turns out the iPad didn't actually sign us in and I had to sign in with a human as well. So that was frustrating. But we still love Dr Lee, love the environment, the hygienists, and the games in the waiting room. My three-year-old daughter actually loves going to the dentist!

Review for Timothy Lee

We have been a patient of Dr. Lee for the past ten years. We have always received excellent care and customer service is the absolute best! We have recommended his services to many in the past years. and continue to do the same.

Rave on Gloriana and Sara! They are so nice and calm with the kids, mine weren't on their best behavior during the appointment but they worked so well to be able to take X-rays and cleaning. They don't over push, definitely loved that.

I am so impressed with this dentistry! We have had trouble with my daughters teeth for over a year and trying to get in to a different dentist. I called Children's Dentistry of Wichita Falls and quickly got an appointment. The appointment was very informative

and we were able to start the process of fixing my daughters teeth. They were very encouraging to my daughter and to my husband and I. I highly recommend this for your children and we plan to continue coming here.

Normally we love Dr. Lee's office. However, this visit was not the best. The lady at the front desk was not friendly and we waited forever to go back to a room and then waited for ever to see Dr. Lee. Others that arrived after us were seen before us. This was out of character for them. We have been seeing Dr. Lee for YEARS and it has always been great. Everyone has an off day I guess this was their off day.

The service we get from the staff is generally pretty good, but we also have had some issues. When I've emailed or left messages sometimes I don't receive a response. We were also billed for fluoride treatment even though we said we didn't want it. My account has an opening balance despite my always paying in full for the whole visit in cash - there should never be any outstanding balance. The charges on my last invoice didn't match up with what I was asked to pay at the desk. I am astounded that I was billed \$10 for PPE gear when the staff was just wearing the usual pre-covid masks etc. How is this charge justified? My kids are happy going there but I am a little disappointed that the organization is not more professional.

Dr Lee and his staff are always great! We have been going to Dr Lee for almost 10 years now and we've never had a bad experience. The way the waiting rooms and treatment areas are set up and decorated are great to help make the dentist feel like more of a fun, inviting place for the kids.

Our daughter is very anxious and struggles with her anxiety in the dentist office. She's ran in fear at past offices and wouldn't let anyone check her teeth. She was able to complete the entire visit including X-rays! We are so appreciative of an office that can be patient and work with our girl who needs a little more time to feel comfortable.

We love Dr Lee. He is professional and courteous, our afternoon appointment occurred on time, and his staff treated us as if they were glad we were there - which is a sharp and welcome contrast to the other pediatric dentist in town, Dentistry 4 Kidz. After a horrific experience with Dr. Divya at Dentistry 4 Kidz, we couldn't be more thankful to have found Dr Lee and Children's Dentistry. My kids actually look forward to going to the dentist now!

The staff that assisted us last time was amazing, the one who took my daughters X-ray and her dental hygienist. I had a bad experience before quite long time ago when 2 of their X-ray tech were't doing a good job. My daughter was little and she was gagging the hole Time but they were chatting and ignore my daughter completely. I was so mad that I I had to ask them to pay attention to her. She was traumatized and said didn't want that X-ray forever.. I came back because I believe of their other staff and Dr. Lee. Thankfully, our experience was good last time.

Very Pleased only went in for a limited visit. My daughter had a very loose tooth for over a month and really did not want it pulled but wanted to make sure that it would not affected anything for it fall out with time and natural process. Was reassured and then sent on our way! Only disappointment was that more PPE was not used. I don't know that current guidelines for the for American Pediatric Dentistry but was really surprised that the no one was using shields, paper lab coats and that the doctor did not have and N95 mask on just surgical mask.

I was impressed with how well the appointment went, as my granddaughter had never had any experience with having teeth pulled or teeth that needed fillings. She therefore had never experienced having to have shots to numb her mouth for procedures to be done. She was in an environment that she was relaxed in before the procedure was done. I was impressed with how well Dr. Lee did in terms of keeping the needle out of her line of vision as well as the extractors used for each of her baby teeth that were removed. A new extractor used for each tooth. Thank you on taking such good care of my granddaughter.

I was to happy with the hygienist they had for my one year old son. She brushed his teeth way to hard. He cried so bad. Dr. Lee came in after her and said he had prefect clean teeth, so why brush his teeth so hard. Dr. Lee made him calm even sung him a song while checking all his teeth. I love Dr. Lee but he needs a better kid friendly hygienist.
